Attached are the latest SSCI drafts of Titles I, II and III (formerly Title IV), together with a copy of [Redacted] [Redacted] transmittal memorandum on these titles. Titles II & III are here in two versions; one an annotated copy of the previous draft, the other a clean version.

Title V on NSA has also been revised. Please let me know if you want a copy.

By this time, our positions on these titles have been stated and restated and it is unlikely that anything new needs to be said. Should you have some comment that has not already been made however, please let me have it by COB today so that I can get it to OLC by Tuesday morning, 7 Feb.

MEMORANDUM FOR: See Distribution

STAT FROM:

Associate Director-Management  
National Foreign Assessment Center

SUBJECT: Intelligence Charter Legislation

1. Attached for your review is the latest intelligence charter material.

a. Tab A: Included here is the latest SSCI draft Title I, dated 2 February 1978. We are reviewing this to identify changes and areas where other provisions should be inserted to reflect our views.

b. Tab B: Provided here is the SSCI draft Title II which was distributed and commented on earlier this week, with handwritten notations indicating changes made by the SSCI in producing a clean 2 February 1978 draft. I believe the annotated version will enable you to more easily identify changes the SSCI staff has agreed to make thus far. In a meeting with the SSCI staff on 2 February 1978, representatives from OLC and OGC discussed additional Agency concerns (based in part on your previous comments) with Title II; it is expected that some of these will be reflected in any later SSCI draft(s).

c. Tab C: Provided here is the earlier SSCI draft CIA title (formerly Title IV, now Title III since IV will be FBI and V will be NSA) with annotations written in to reflect SSCI staff changes reflected in a 2 February 1978 draft. Here again, I think this annotated draft presents a clearer picture of the changes made to date by the Committee staff. Included also is a memorandum for the record of the 31 January 1978 meeting with the SSCI staff to discuss the CIA title, which included discussion of the concerns raised by your offices. We are providing additional comments to the SSCI staff on the Agency title.

d. Tab D: Included here is a copy of the SSCI draft NSA title (V); this is the first redraft of this title we have seen since we received the draft from SSCI last November.

2. OLC is preparing a paper which will be circulated that will reflect what the Agency's position is on its charter. Also, we hope to provide to the SSCI on Monday or early Tuesday (6 or 7 February 1978) a copy of the latest CIA title with annotations reflecting our additional suggestions.

3. Introduction date is now set for Thursday, 9 February 1978. If you have any additional concerns regarding any of these drafts which have not already been provided to [redacted] and which you would like raised in what should be our final pre-introduction opportunity-- Tuesday morning, 7 February 1978--provide them to Mr. [redacted] by that time.
